

A TERRIFIC  
DOWNPOURMuch Damage is Done  
Around New York.

## NEARLY 7 INCHES OF RAIN

In Suburbs Water Rushed Through  
Streets at a Depth of Five  
Feet.

New York, Oct. 9.—The most terrific downpour of rain this city has experienced for years, has raged for twenty-four hours. At nine this morning there were no signs of abating. Six and nineteen hundredths inches have fallen during the last 24 hours. Washouts, flooded cellars, streets and roads are common, but there are few reports of danger in the city proper. The streets look deserted today.

In Williamsburg the storm did much damage. Five horses were drowned early this morning in the streets. Two women narrowly escaped drowning and at a fire in Wallabout street three powerful horses, pulling a truck, were driven through five feet of water in the street, with their backs under water and the firemen standing on top of the ladders. Many occupants of houses in the neighborhood of Harrison avenue and Wallabout street were taken from their homes on rafts improvised for the occasion.

The storm caused almost a complete cessation of suburban traffic and in some instances commuters of trains stopped. Thousands of people living in the sections above the Bronx river are unable to get to work today. The New York Central and New Haven roads reported their train service virtually at a standstill because of the conditions at Melrose where a torrent of water five to ten feet high swept through the station. Trains were generally abandoned at this point. Hackensack Meadows are flooded, and all the trunk lines terminating in Jersey City are behind schedules. In some places the tracks were washed away.

## DAM WAS BURST.

Large Part of Village of Pompton, N. J.,  
Was Flooded.

Patterson, N. J., Oct. 9.—A dam on the Ramapo river at Pompton lake burst this morning, flooding a large portion of Pompton. As the break had been expected several days the residents, mostly Italians employed in the fuse works, moved to higher ground, consequently no lives were lost.

## FEAR HOSTILE DEMONSTRATION.

If American Warships Enter Spanish Waters  
Now.

Madrid, Oct. 9.—The newspapers of this city are filled with indignant comments over the news that a fleet of American warships is to visit Spain and be accorded an official reception. The newspapers say that German warships did not visit French ports until 33 years after the fall of Sedan, while the United States dares to send a fleet to Spain within five years after the fall of Santiago and King Alfonso's government would be pusillanimous enough to feast the visiting Americans.

El Pais is especially bitter in its comments and says it fears a hostile demonstration will be made against the American warships when they enter Spanish waters.

## JUROR CUT HIS HAND.

Consequently U. S. Court Did No Work  
Yesterday Forenoon.

Rutland, Oct. 8.—Nothing was done this morning in United States court as the result of an injury sustained by W. A. Vial of Bennington, a juror. Mr. Vial cut a severe gash on the back of his right hand on a broken washbowl at the Berkwick house this morning. Several stitches were taken. Court resumed work on the Bacon vs. Pennsylvania Casualty Co. case this afternoon.

## THERE WILL BE LESS GRAPES.

Vast Tracts of Land in Malaga Inundated.

Madrid, Oct. 9.—As a result of a number of cloudbursts in the province of Malaga, vast tracts of land have been inundated. Thousands of vineyards have been destroyed and the crops lost. It is reported there were a number of fatalities.

## SIR THOMAS GOES HOME.

Sailed Today on the White Star Liner,  
Cedric.

New York, Oct. 9.—Sir Thomas Lipton sailed for home on the White Star liner, Cedric, today.

## The Fight Was Short.

Bellows Falls, Oct. 8.—Johnny Sullivan of Westfield, Mass., won over George Sundstrom of Worcester, Mass., at North Walpole, N. H., today. The men were evenly matched for ten rounds but one fast round ended the bout.

## RAILROADS DISAGREE.

Rutland and Delaware and Hudson at  
Odds Over Switching Facilities.

Rutland, Oct. 8.—It is understood that there is danger of a rupture in the relations between the Rutland and Delaware & Hudson railroad companies over the matter of station and freight and switching facilities in this city.

The Rutland railroad has for many years had absolute control of the station here and the Delaware & Hudson has been in the habit of paying a stated amount each year for the privilege of using the same.

The sum of \$3,000 is paid for the station together with half of the combined salaries of the two ticket agents and other employees and the total amount which is paid over to the Rutland by the Delaware & Hudson for its accommodations here is understood to be in the vicinity of \$40,000 annually.

Now that the Rutland railroad has no station, or almost none, at this point the Delaware & Hudson people are beginning to kick on the size of their bill. It is understood that negotiations have been going on regarding this point but that the Rutland road is unwilling to give in, and it is said to be among the possibilities that the Delaware & Hudson will break off negotiations and erect its own station and put in switching tracks of its own.

The local railroad men will give out nothing on the matter, however, and information on the matter has been obtained from a semi-official source.

## OSTEOPATHS MEET.

L. D. Martin of Barre Was Elected President.

Randolph, Oct. 8.—The Vermont State Osteopathic association held its 4th annual meeting at Randolph today. The attendance was larger than at any previous meeting, and the membership was increased by the election of six new members. The following officers were elected: President, L. D. Martin, Barre, vice president, C. G. Wheeler, Brattleboro, secretary-treasurer, Mrs. H. K. Sherburne, Rutland, executive committee, G. E. Loudon, Burlington, L. W. Allen, Middlebury, H. K. Sherburne, Rutland.

The election of officers was followed by a programme of a scientific nature. The association voted to have at least one extra session during the year before the National Association convention which will be held at St. Louis early in July. The Louisiana Purchase Exposition has set apart July 7 as "Osteopathy's day."

## ATTEMPTED SUICIDE.

Young Man in St. Albans Cut His Throat  
But Will Recover.

St. Albans, Oct. 8.—William Greene, the youngest son of the late Warren Greene, in a fit of despondency yesterday afternoon, cut his throat with a razor. Medical aid was at once summoned and the wound, which was not very deep, was dressed and the unfortunate young man will probably recover.

Greene, who is about 10 years old, has been employed in the depot restaurant, but a short time ago received an injury to his back, which kept him from working. He was staying with his brother-in-law, Dr. F. W. Mason, at the Bar, and of late has become very moody and despondent. It is thought that he feared his health would never be any better and in a fit of despondency he attempted his life.

## \$10,000 FIRE AT BRISTOL.

Main Shop of Bristol Novelty Works Burned  
Yesterday Morning.

Bristol, Oct. 8.—The main shop of the Bristol Novelty Works was burned this morning. A strong wind prevailed and the fire spread rapidly from the boiler room. The loss is \$10,000, insured for \$4,000. The shop employed fifty people.

The plant was built in 1897. It manufactured handles, turned boxes, etc. The firm did a big business in September, as it had a sole contract for the manufacture of Apache bead work looms.

## TRAIN AND TRACK.

About 650,000 ties, now being delivered,  
will be used in building the St. Louis,  
Brownsville and Mexico.

The Big Four is now using thirty-two passenger engines, fifteen new ones having been delivered recently. The railroads of the southwest have been increasing their earnings heavily of late in spite of floods and other drawbacks.

The Wild Goose railway, seven miles long, from Nome to Anvik creek, earned its total cost within thirty days of its opening and shows increased earnings each year.

German railroads have issued an order prohibiting royalty from riding on engines. The officials claim that persons riding on engines after 6 o'clock distract the attention of the engineer and increase the chances of a wreck.

## Cotton and Its Origin.

The cotton plant first came to America from Asia. Now the greater part of the central Asian crop is grown from American cotton seed.

## A Cure For Baldness.

The latest cure for baldness is to go bareheaded. A western man who has always carried a fashionable hat without putting it on his head explains that baldness was so common among his relatives that he took this means of guarding against it, and the scheme proved a great success.

## Three States Honored.

Three sons were born to a Kentucky farmer a few days ago, and he has named them, his wife acquiescing. Kentucky, Tennessee and Virginia, in honor of the three states in which his wife has lived.

GAMES ARE  
ALL EVENBoston Again Defeated  
Pittsburg.

## PLAYED BETTER BALL.

Score Was 6 to 3, the National  
Leaguers Scoring in Only  
One Inning.

Pittsburg, Pa., Oct. 8.—A big crowd witnessed the third home game in the world's baseball championship series today. Boston won 6 to 3, thus tying the two teams with three more games in the series. Leever and Dineen did the pitching and each allowed ten hits. The batting and base running of Beaumont and the fielding of Parent were features. Pittsburg was unable to bunt its hits until the seventh, when the locals made all their runs.

Ground rules were again adopted, allowing three bases for a hit into the outfield. The heavy rain of last night and early morning softened the field somewhat but this did not seem to handicap the players, as some fast fielding was done by both teams. The visitors scored three runs in the third inning on Leach's wild throw to first, a base on balls and singles by Dineen, Collins and Stahl. In the fifth they added two more on Stahl's triple, Parent getting first by being hit by a pitched ball, Ferris's single and Wagner's wild throw to the plate. Their last run came in the seventh. After Freeman had struck out, Parent hit to the outfield for three bases and scored on Leach's double to left. In the seventh inning Sebring and Phelps both made hits. Leever's out at first advanced them one base and both scored on Beaumont's fine single to center. Clarke's two-bagger to left scored Beaumont. Leach went out on a fly to Stahl. Dineen then sent Wagner and Bransfield to first on balls, filling the bases, but Ritchey was unable to bring them in.

Score by innings:

|           |   |   |   |   |   |   |   |   |
|-----------|---|---|---|---|---|---|---|---|
| 1         | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 |
| Pittsburg | 0 | 0 | 0 | 0 | 0 | 3 | 0 | 0 |
| Boston    | 0 | 0 | 3 | 0 | 2 | 0 | 1 | 0 |

Earned runs, Pittsburg 3; Boston 3; two base hits, Clarke, Leachman; three base hits, Stahl, Parent; stolen bases, Beaumont 2, Clarke, Leach, Stahl; double plays, Ritchey, Wagner and Bransfield; Parent and Leachman; first base on balls, off Leever 2, off Dineen 3; hit by pitched ball, Parent; struck out by Leever 2, by Dineen 3; time of game, 3:02; umpires, O'Day and Connolly; attendance, 11,550.

## Today's Games Postponed.

Pittsburg, Oct. 9.—The Boston-Pittsburg game was postponed on account of rain and high winds today.

## WOMEN'S CLUB ELECTIONS.

Miss Susan E. Clark of Brattleboro Is  
President.

St. Johnsbury, Oct. 8.—At the closing session of the Vermont State Federation of Women's clubs, held in Pythian hall today, the following officers were elected: President, Miss Susan E. Clark, Brattleboro; vice president, Mrs. W. S. Stafford, St. Johnsbury; recording secretary, Mrs. Minnie Haines, Waterbury; treasurer, Mrs. Josephine H. Arms, Bellows Falls; auditor, Miss Eliza Isham, Barre; federation secretary, Mrs. Della M. Needham, Rutland. Delegates to the seventh biennial at St. Louis, Mrs. O. C. Ashton, Somerville, Mass., Miss Susan E. Clark, Brattleboro, Miss Helen Williston Smith, White River Junction, Mrs. H. E. Folsom, Lyndonville; alternates, Mrs. Rebecca P. Fairbanks, St. Johnsbury, Mrs. Charles H. Thompson, Brattleboro; Mrs. Gertrude Arms, Bellows Falls; Mrs. Josephine Laird, Royalton, Mrs. P. F. Hazen, St. Johnsbury.

Tonight Mrs. Mabel Loomis Todd, wife of the professor of astronomy at Amherst college, gave a most interesting account of her trip to Tripoli on the Eclipse expedition. The federation has been invited to meet at Bellows Falls next year.

## VERMONT OFFICERS' REUNION.

The 40th Annual Meeting Held at Rutland  
—Banquet Last Evening.

Rutland, Oct. 9.—The 40th annual meeting of the Reunion Society of Vermont Officers opened in this city yesterday afternoon at 3:30. A business session was held in the opera house. Congressman Kittredge Haskins of Brattleboro, president of the society, presided. There was an excellent attendance of members. The early part of the afternoon was passed in viewing the war relics at Memorial hall and other points of interest. The banquet last evening at the Bardwell house was one of the biggest gatherings of noted Vermonters ever held here.

The following officers were elected: President, G. G. Benedict of Burlington; first vice president, John A. Sheldon of Rutland, second vice president, J. A. Benedict of Poultney, secretary and treasurer, J. H. Lucia of Montpelier, marshal for the evening, Gen. T. S. Peck of Burlington, executive committee, F. S. Smith, Col. A. C. Brown and Capt. L. Hutchinson of Montpelier.

The next meeting will be held in Montpelier at some date when the legislature is in session.

GIVEN AN  
EXTENSIONOrange County Telephone  
Co. Has More Time.

## PROSPECT ST. WIDENING

Rewards Made For Land Taken—Dis-  
cussion on Sidewalks and Streets—  
Building Permits Held Up.

A special meeting of the city council was held last evening after the city meeting for the purpose of hearing representatives of the Orange County Telephone Co. who asked for an extension of time in which to accept their franchise. It was voted to give them ten days from date, but Mr. Spear stated it was doubtful if the company would accept even now unless the annual rental of \$1 asked by the city was reduced to 50 cents.

Mrs. Ella Reed asked for a permit to build an addition to her house at the corner of Summer street and Keith avenue which would bring the building within 12 inches of Wm. Miers property and 23 of Mr. Hale's. It is claimed the eaves of the house now project into the street. Miers was present and objected to the granting of the permit. On motion of Alderman Currier the request was referred to the fire committee to investigate and report back. The request of A. C. Blanchard to build an addition to the rear of the building occupied by Hooker & Co. to cover all the vacant land, was referred to the same committee.

The street commissioners reported on their findings in regard to the boundaries of Prospect street. They report that no boundaries could be found in the city records and the street has been resurveyed and relocated with awards as follows:

|                      |          |
|----------------------|----------|
| W. F. Shepard        | \$200.00 |
| Barre R. B. Co.      | 00.00    |
| Mrs. Jeanette Martin | 75.00    |
| Mrs. S. J. Jones     | 90.00    |
| C. N. Benedict       | 15.00    |
| Amos Hall            | 00.00    |
| Page Bros.           | 120.00   |

The street as resurveyed and relocated is 50 feet wide. Amos A. Hall is ordered to remove the portico in front of his house which now extends into the street. It is also agreed that a concrete walk shall be laid to the railroad in front of W. F. Shepard's property.

The report was accepted and placed on file. W. F. Shepard has accepted the tender to him and the new concrete walk will be laid in front of his house at once.

A petition to have curbing set on the south side of Brook street was referred to the street committee with power to act. The sewer committee voted in favor of a sewer extension on Beacon street. Accepted.

Alderman Robins thought some of the old streets on which work had been commenced should be straightened out before work was begun on extending streets and sewers in new sections. Mr. Robins referred to Hill street which the street commissioners laid out six years ago and on which the abutters four years ago petitioned for a sidewalk, agreeing to pay for curbing.

Alderman McKenzie said the street commissioners were taking the streets each in their turn, but as the matter of awards on Hill street had not been all straightened out no work had been done there.

Alderman Robins thought if the commissioners could lay a sidewalk on Prospect street when a settlement had been reached on one side only, they could do the same on Hill street.

The committee on streets reported in favor of a sidewalk on Spaulding street as soon as funds warrant.

The Central Vermont Railway Co. submitted an agreement that the city pay \$1 for the privilege of dumping dirt on their right of way along the side of Brooklyn street. Alderman Currier reported the city was not dumping earth outside the street limits and the city clerk was instructed to so inform the Central Vermont Railroad company.

It was reported that George B. Milne was ready to construct a bank wall in front of his property on Spaulding street if the city would allow a part of it on Spaulding street. Referred to street committee and city attorney to report back.

Joseph Brown appeared again about the working of Tremont street in front of his house. He wanted to know why, if the city was not doing anything in front of his property, it was taxing him \$235 yearly. He said Sheridan street had been graded, and there wasn't a house on it. Beacon street has been worked and there wasn't a house on it when his house was built. No action was taken on the matter.

Mr. Spear of the Orange County Telephone Co. appeared before the council and said the company had met at Chelsea Monday and voted that it would accept the franchise granted by the city of Barre provided the city would extend the time for filing the bond 10 days and reduce the yearly rental from \$1 to 50 cents.

Alderman McKenzie moved that the franchise to the Orange County Telephone Co. be extended 10 days if the company wishes it in which to file its bond. Mr. Spear did not believe there was any use of granting an extension of time to the company if there was to be no reduction of the charges in yearly rentals.

It was voted to grant an extension of 10 days from date.

The council then went into a committee of the whole to consider the matter of the

city treasurer's accepting assignments of  
wages from city employees.

## ONLY LASTED 20 MINUTES.

City Meeting Was Very Stimulantly Attended—  
Voted to Borrow \$3,000.

The city meeting called to see if the voters would authorize the city council to borrow \$3,000 to pay extra expenditures in the water department to improve the water system called out only 27 voters last evening, including the mayor, aldermen, city clerk and reporters, and aside from Arthur Martin, the city council members were the only ones to take any part in the proceedings.

Alderman Burke nominated Arthur S. Martin moderator and he was chosen by the votes of the aldermen.

Mr. Martin read the warning and asked the meeting what it proposed to do with the first article. After waiting some time the water committee was called on to speak of the needs of the water department, but none of them responding. Alderman Currier explained that the city being called to pay nearly \$5,000 in settlement with Stafford, Holden Mfg. Co. and later \$1,200 more for unexpected repairs at Orange Brook reservoir, as well as one or two bills in connection with law suits, the appropriation for water purposes this year had been more than expended, and he moved the city council be authorized to pledge the credit of the city in an amount not to exceed \$3,000, to improve the city water system. It was so voted.

Under the next article Alderman McKenzie moved that the manner of raising the \$3,000 be left to the mayor, finance committee and city treasurer, and it was so voted.

The meeting then adjourned after a session of 20 minutes.

## GOLF TOURNAMENT

## PLAYED IN DRIZZLE

James Reid Was the Winner of  
Weekly Match With Net  
Score of 80.

James Reid was the successful golfer in the weekly tournament of the Barre Golf club yesterday afternoon. The match was played in conditions not unlike the conditions which prevail in Scotland a good share of the time as one of the players remarked. A steady fall of rain which was hardly more than a mist prevented the best kind of golf playing. Reid's gross score of 96, less his handicap of 16 gave him a net score of 80.

Arrangements are being perfected for the annual championship tournament of the club and it will be played next week, probably Thursday. It will be a 36 hole match, and the conditions will be announced later.

Yesterday's scores were as follows:

|                | gross | hncp. | net |
|----------------|-------|-------|-----|
| Jas Reid       | 96    | 16    | 80  |
| D. H. Perry    | 88    | 7     | 81  |
| C. A. Dodge    | 82    | 0     | 82  |
| Homer Pitts    | 100   | 27    | 82  |
| L. J. Bailey   | 80    | 6     | 83  |
| W. H. Pitkin   | 99    | 15    | 84  |
| Jas. Mackay    | 94    | 9     | 85  |
| D. W. Smith    | 99    | 13    | 87  |
| F. W. Nichols  | 99    | 11    | 88  |
| L. B. Dodge    | 100   | 13    | 88  |
| J. F. Perry    | 100   | 6     | 94  |
| G. A. Ross     | 105   | 11    | 94  |
| G. H. Anker    | 108   | 14    | 94  |
| H. J. Baldwin  | 128   | 34    | 94  |
| F. S. Williams | 102   | 5     | 96  |
| Geo. Christie  | 116   | 10    | 106 |

## STRIKE AMONG STREET GANG.

Men in Employ of Contractor Langefeld  
Quit—At Work Again.

The Italians in the employ of Contractor Langefeld on the street struck yesterday afternoon but the difficulty was adjusted this morning and they went to work again this afternoon at 1 o'clock.

Yesterday was pay day with the men, and one of the Italians had some words with the contractor about his pay, with the result that the contractor discharged him. All the other Italians quit work out of sympathy, but the matter was finally patched up by the re-employment of the discharged man and all are at work again.

## LIST OF INTOXICATION CASES.

It Will Be Furnished to all Montpelier  
License Holders.

Montpelier, Oct. 8.—Louis N. Wood, a second class license holder, in connection with City Judge Woodward, has completed a list of all the convictions for intoxication in city court made under the new liquor law. The list of names will be given to each license holder for reference.

This list shows that there have been 171 convictions, one fourth offence, four third offences, 35 offences, and 130 offences. Only 48 of the offenders reside in this city.

## DEATH OF C. K. GRAY.

Elderly Resident of Wrightsville Died  
Wednesday Evening.

Montpelier, Oct. 8.—Charles K. Gray, aged sixty-eight years, died at his home in Wrightsville, Wednesday night. He moved to his late home from East Montpelier about ten years ago. He leaves one son, Edward, who resides in Burlington. The funeral will be held from his home in Wrightsville at 10 o'clock Saturday morning and from the church at East Montpelier at 2 o'clock in the afternoon, and burial will be in the cemetery in that town.

## CLARK BEING TRIED.

County Court Takes Up Attempted Rape  
Case.

Montpelier, Oct. 9.—Yesterday afternoon county court took up the case of State vs. Edward Clark of Montpelier, charged with attempted rape on eleven year old Emma Billadeau several weeks ago. M. M. Gordon of Barre is defending Clark while B. E. Bailey is prosecuting. The Clark case went to the jury at noon today, after two witnesses had been put on the stand.

THE CHARGE  
WAS UNJUSTGoddard Not Playing  
Professionals.

## OFFICIAL ACTION TAKEN

Athletic Association Says No Member  
of Foot Ball Team is Paid  
For Playing.

The Goddard Seminary Athletic association denies the charge of professionalism brought against its foot ball team by Manager O'Neill of the Edmunds high school team, declaring that no one on the team is receiving "compensation in any form for his athletic ability," and that only two members of the team are benefited by the 20 scholarships with which the school is provided, and these two men have been in school two years already and that they are paying their board in full.

The Athletic association held a large attended meeting yesterday afternoon, the president, N. S. Carley, presiding. A set of resolutions was presented by Prof. O. K. Hollister, chairman of the executive committee of the Athletic association, in relation to the charges made by the Edmunds high school. The resolutions were adopted unanimously. It seems that the local school wrote to the Burlington manager immediately after receiving his letter cancelling the two games arranged, asking him to substantiate his charge. No reply has been received to this request, and consequently the seminary athletic association decided to take action. Goddard will play no more games with Edmunds in any line of sports until an apology is received from the Edmunds Athletic association for the reports which its manager circulated.

The resolutions are as follows: Whereas, the foot ball manager of Edmunds High school has cancelled the games arranged with Goddard Seminary, giving as his reason "The playing of teachers and professionals," and has given the dates to Brigham Academy which is playing two teachers on its foot ball team, and

Whereas, no member of the Goddard foot ball team is receiving compensation in any form for his athletic ability and only two of the twenty scholarships given by the school this term, are to members of the team, and these two boys have already been in school two years and are paying their board in full.

Whereas, the charge of "playing professionals" is unjust, and the circulation of such a report in the state is unsportsmanlike, and the Edmunds manager refuses to answer a letter asking for an explanation of his charges.

Resolved that the Athletic association of Goddard Seminary does hereby refuse to arrange any game in the future, in any line of sport, with Edmunds High School, until an apology is received from the Edmunds Athletic Association for these reports circulated by the Edmunds foot ball manager.

That a copy of these resolutions be sent to the Edmunds Athletic Association. That a copy of these resolutions be printed in the Barre and Montpelier papers and the Burlington Free Press.

Signed by Executive Committee of the Goddard Athletic Association.

It was stated today that out of eight games which had been arranged between the two schools in both foot ball and base ball, Edmunds high school has cancelled five.

The matter of the interscholastic league between Goddard, Montpelier and St. Johnsbury was also touched upon at the meeting yesterday, and the secretary of the athletic association was authorized to write to A. G. Stone of Montpelier, who presented the cup, asking as to the disposition of it, if it is to be presented to the winner in the foot ball games arranged among the three schools.

R. J. White was elected manager of the base ball team for 1904.

## FIRE AT EAST BARRE.

House of Fred Collins Quite Heavily Dam-  
aged.

The story and a half house of Fred Collins on Orange street at East Barre was gutted by fire last night, and damage to the amount of \$500 was done. The fire started in the sitting room supposedly from a stove. Mr. Collins had started a fire in the stove just before retiring. At 11 o'clock he was awakened by the noise of the flames. It was not until an hour later that an alarm was rung in.

East Barre's fire alarm is the bell on a stone shed. The man who ran to the shed to ring the alarm got hold of the wrong rope in the darkness, and pulled away on the derick rope for some time before he realized his mistake. Then he got a lantern and the bell rope was found.

The fire department got out in good season and soon had the flames under control although the interior of the house was considerably burned.

## SPEEDED TOO FAST.

Patrick Monahan Arrested in Montpelier  
Yesterday.

Montpelier, Oct. 9.—Patrick Monahan of Sodom, attempted to show off the merits of his speedy mare on the streets of Montpelier yesterday afternoon causing pedestrians and others who cared for their safety to scuffle for cover. Monahan was arrested for breach of the peace and he pleaded guilty paying his fine and costs.
